UNLESS ADVISED OTHERWISE, WE WILL CONSIDER MATERIAL APPROVED IF NOT RETURNED BY DATE DUE. TITLE: Publication 46 Traffic Engineering Manual REMARKS: This proposed policy includes revisions to PennDOT Publication 46 Traffic Engineering Manual. The last full update to this 2012 publication was Change #1 in 2014. This publication revision incorporates several official policy changes, such as Strike-Off-Letters and memorandums, made effective since Change #1. The scope of proposed policy revisions, per chapter, are shown on the attached Compendium of Changes. The revisions are, in part, prompted for PA to achieve substantial conformance with the national MUTCD 11th edition, available with additional information at www.mutcd.fhwa.dot.gov . Additional clearance transmittals are forthcoming for PennDOT Publications 46 Traffic Engineering Manual, Chapters 2 and 3, Publication 111 Pavement Marking & Signing Standards and Publication 236 Handbook of Approved Signs regarding MUTCD conformance. Please note that only comments provided using MS Excel file titled "CT T-25-008 Publication 46 Traffic Engineering Manual Comment Form" will be accepted. Please download the spreadsheet, populate it with your comments, save it with a new filename, and return to RA-PDBOMO-CT@PA.GOV. Originator: Jason C. Bewley, P.E.
