

DATE: November 10, 2022

SUBJECT: Revised Form TE-160: Application for Traffic Signal Approval

TO: District Executives

FROM: Daniel Farley, P.E., Director
Bureau of Operations

Daniel Farley, P.E.

This Strike-off Letter (SOL) is time and resource neutral and updates Form TE-160: *Application for Traffic Signal Approval*. This SOL rescinds and replaces SOL 494-21-02 issued on January 19, 2021.

The revisions include:

- References now refer to the full, official title of the “Commonwealth and Municipal Traffic Signal Maintenance Agreement” (TSMA) to reduce confusion with other agreements for traffic signal maintenance.
- The TSMA Agreement Number must be provided in Section A to ensure the proper agreement is referenced.
- The effective date for the TSMA was moved from Section D to Section A to consolidate the agreement information.

Pending traffic signal applications which already have a signed TE-160 form prior to November 30, 2022 are not required to use the new version.
